

BOROUGH SETS NEW PARKING, TRAFFIC RULES

Gettysburg borough council Monday night adopted ordinances which will:

Provide for two-way traffic on E. High St. and S. Stratton St.

Ban parking on Breckenridge St. between Baltimore and S. Washington Sts.

Ban parking from the north side of East and West Water Sts. and West Stevens St.

Ban parking from the south side of E. High and west side of S. Stratton Sts. between E. High and York Sts. except on Sundays from 7 a.m. to 1 p.m. when parking will be allowed on both sides of the street.

Members of the borough's planning commission, Stanley Hoffman, Kenneth Johns and Robert Smith, were present for the meeting to take part in discussion on the proposed ordinances.

AMENDED ORDINANCES

All of the ordinances before council were amended while under discussion.

Snow removal was among factors discussed in council's consideration of one-side parking.

The original ordinance pertaining to one-side parking on Stevens St. had included both East and West Stevens. A number of residents of East Stevens St. were present to protest the ban, saying there is insufficient room to park at present on the street. As a result the ordinance was amended to remove East Stevens St. from its provisions. Council noted there had been no complaint from residents of either side of Water St. nor from owners of property on West Stevens St.

During the discussion Stanley Hoffman said that the college plans additional parking space during the coming year which should provide sufficient space for the cars of juniors and seniors, the only students allowed to have cars on campus, and for staff and visitors to the college.

SET COUNCIL SALARIES

Another ordinance passed by council set the salaries of the councilmen at \$50 a month, with the requirement that the councilmen must attend at least one regular meeting a month to obtain the pay. The ordinance passed with one councilman opposed.

Borough engineer LeRoy Winebrenner called council's attention to the ordinance.

TWO STUDENTS ARE HELD ON MURDER COUNT

Two Mount St. Mary's College students involved in a fight at the Frederick Fairgrounds last October were charged with murder Monday by State's Attorney Robert S. Rothenhoefer.

Steven Gerard Murphy, 21, of New York City, and James Joseph McGonigal, 21, of Wilmington, Del., were picked up Monday morning at the college near Emmitsburg by Frederick City Police Chief Charles V. Main.

They were arraigned before Frederick Magistrate Robert Kennedy.

Edwin F. Nikirk, Frederick attorney, has been called into the case at the request of one of the defendants, the state's attorney said.

HELD IN JAIL

The murder charges resulted from the death of Ronald Lee Sier, 16, who was beaten in a fight at the fairgrounds.

The pair was sent to Frederick County Jail where they will be held without bond to await a preliminary hearing.

Sier was severely beaten and kicked by several Mount St. Mary's students at about 10 p.m. October 1 while he and some friends were touring the Frederick Fair, police said.

Sier apparently bumped shoulders with the students, and was knocked to the ground and kicked in the head. He was taken to Frederick Memorial Hospital and later transferred to University Hospital in Baltimore, where he remained until mid-December.

He was then taken to Western Maryland State Hospital at Hagerstown, where he died early December 24. Doctors said he suffered severe brain damage.

Scranton Cites More Spending, No Tax Boost

HARRISBURG (AP) — Gov. Scranton told the politically-divided 1965 Legislature today that his administration put Pennsylvania back on the road to greatness and he challenges politicians of both parties to keep it there.

In his annual State of the Commonwealth message to a joint session of the General Assembly, the governor reported the state would have a substantial but unspecified surplus at the end of the current fiscal year and that he will propose sharp spending increases—particularly for education, mental health and public welfare—without increasing taxes.

The governor's speech generally reviewed his first two years in office and he spent considerable time in the approximately 40-minute message ticking off accomplishments.

SPICER NAMED AS DEFENDER IN COURT HERE

Attorney Oscar F. Spicer was appointed public defender for Adams County by the county court Monday. Later the same day his salary was set by the county salary board at \$1,800 a year.

Attorney Spicer, who became a member of the county bar about

OSCAR F. SPICER

five years ago, has served as an unpaid attorney for a number of indigent defendants at court direction over the last several years.

Approval for counties to pay public defenders was granted by the state several years ago, but at that time the Adams County Bar rejected the idea, holding that it was a duty of bar members to serve the public in such a capacity and the court thus continued the practice of appointing various attorneys as needed, seeking to spread the volunteer work as much as possible throughout the entire bar.

BEGINS WORK MONDAY

The Adams County Bar has throughout its history provided attorneys for pauper defendants who expressed a desire for an attorney when they appeared before the court, the records show.

However, Judge W. C. Sheely, in handing down a court order Monday establishing the post of public defender and naming a Spicer the first occupant of that position, noted that recent decisions of the Supreme Court concerning rights of defendants, and the new rules handed down by the state Superior and Supreme courts have "put a great deal more burden on the volunteer defenders, and now we have reached the point where it is our belief that the county courts will be better off with a public defender who will be responsible for all the public defender work."

Spicer was busy in court throughout Monday, counseling

Ray W. Barrick, alias William Barrick, of Gettysburg R. 1 and McSherrystown, was sentenced to from 11½ to 23 months in the Allegheny County Workhouse by the Adams County court Monday on 12 charges of forgery of bank checks and was ordered to make restitution of \$1,264.16, the amount of the forged checks, and pay the costs.

Sentence of 11½ to 23 months was made on the forgery of checks charge brought against him by Walter S. Null, Greenmount. On the 11 other charges he was given the same sentence, to run concurrently. He was directed to make restitution. The amount listed in the Null charges was \$273; the others were Hunt Ave., \$63; Schuchart Petroleum, Mt. Joy Twp., \$87.94; Heller Shell Service, \$52; Direct-To-You, \$50; Charley's Texas Lunch, \$143; Hubert Smith, Gettysburg R. 1, \$55; Glenn Bixler, McSherrystown, \$83; Super-Thrift Market, Littlestown, \$91; Esso Service Center, Littlestown, \$45; Fred and Merle's Gulf Station, \$65; Howard Wishard, Blue Ridge Summit, \$193.22; Kaufmann Gulf Service, McSherrystown, \$63. In some instances the charges were brought by the men who had cashed the checks, in others they were brought by police officers.

DRAG RACER ON PROBATION

Dale C. Bowers, of 157 W. King St., Littlestown, and Thomasville R. 1, was given a suspended sentence of a drag racing charge, placed on probation for one year and was ordered to pay \$150 for the use of the county and the costs. He was also ordered to pay to McSherrystown \$5 fines each on three stop sign violations, pay \$10 to the Commonwealth on a reckless driving charge, pay \$10 to the Commonwealth on a no inspection sticker charge and pay \$25 to the Commonwealth on an improper registration charge. Two other charges were "merged" with the charges on which he was sentenced. He was directed to

Paratroopers Sent To Help Malaysia Meet An Indonesian War Threat

SINGAPORE (AP) — Fifty more paratroopers arrived from England today as part of a British buildup to help Malaysia meet Indonesia's threat to smash the federation.

Britain has flown in 100 paratroopers and the remaining 400 men from the crack 2nd Parachute Battalion are due by Thursday. Another 500 men of a Gurkha battalion are coming by ship from Hong Kong, raising the total of British and other Commonwealth troops in Malaysia to more than 7,000.

WANT 'COPTERS

Reports said Malaysia also has asked for more helicopters from Britain to speed the movement of troops in jungle warfare against Indonesian guerrillas. The request is expected to be discussed when Britain's new

chief of the general staff, Gen. Sir James Cassels, arrives Jan. 14 to survey the situation.

The Malaysian government announced Monday it would retaliate "under the rule of hot pursuit" should Indonesia attack in force. Indonesia's announcement that it was withdrawing from the United Nations came after intelligence reports that Indonesia is massing forces at bases surrounding Malaysia.

At the United Nations, Indonesia's chief U.N. delegate, L. N. Palar, said he would close the Indonesian mission this week and go home "to talk things out."

Some sources expressed belief that Palar hoped to persuade President Sukarno not to make the withdrawal final.

The installation ceremony was conducted and the awards were presented by Lt. Governor Paul Kunkle, Chambersburg. The incoming first vice president, Donald X. Sullivan, presided in the absence of the out-going president.

The new staff of officers includes: President, Edwin A. Kann; first vice president, Mr. Sullivan; second vice president, Donald G. Weaver; secretary, Warren R. Apper; and treasurer, Arthur Warman. Heading the list of members receiving perfect attendance awards was William Ditzler, a former president, who received a pin for eight years of perfect attendance. Ernest Krape, the club's first president, received a six-year award and Mr. Wing an award for one year.

NEW DOG LICENSES AT COURTHOUSE

County Treasurer Daniel J. Wolff today announced the arrival of 7,500 dog licenses for the coming year. New dog licenses must be secured by January 15.

Arrival of the licenses was delayed by a break in a die at the State Correctional Institution at Pittsburgh which makes the licenses, but the county treasurer said he has not received word of any change in the deadline for licenses.

Those who write in for licenses must give a description and age of the dog for which they wish a license. Five cents for mailing must be added to the cost of the license, which is \$1.20 for male and spayed, \$2.20 for female dogs.

JAYCEES VOTE OPPOSITION TO MEDICARE

The Upper Adams Junior Chamber of Commerce Monday night voted its opposition to Medicare. The action came on a "special mail vote" sent to all Jaycees by Jack A. Friedrich, executive vice president of the national Jaycees, in the form of a resolution opposing Medicare passed June 15, 1961, and "now being submitted to you by referendum for re-adoption."

The resolution held that among other things: "This or similar legislation would be detrimental to the high standards of medical care, would deprive the citizens of the United States of the opportunity to provide their own medical care, would discourage our citizens of today from preparing for their old age and at the same time tend to remove the responsibility of men and women of America from caring for their own families, and . . . would be another step toward socialism and would jeopardize our free enterprise system which has made steady progress in extending and improving voluntary hospital insurance coverage of the aged."

Dems Clamp Down On GOP And Scranton

HARRISBURG (AP) — The House of Representatives became embroiled in its first 1965 controversy even before the general assembly formally convened at noon today.

Democrats, taking over organizational control of the House from Republicans, refused to permit television cameras or tape recorders in the chamber.

The Democratic leaders even ruled against allowing the governor's office to tape record the governor's "State of the Commonwealth" message before a joint session of the legislature later in the afternoon.

They ordered out a tape recorder set up for that purpose in the well of the House.

The Democratic leaders remained adamant despite protests from radio and television representatives and from the governor's office which pointed out that the chief executive's speech "is the public business."

"We don't want any intrusions," said Rep. Joshua Eilberg, D-Philadelphia, new majority floor leader.

"This is a day traditionally set aside for the members and their own celebrations. It is not for the governor."

PLAN SECOND SEMESTER OF NIGHT SCHOOL

The second semester of adult evening classes at Gettysburg High School will open next week on Monday and Thursday evenings with all courses given in the first semester to be offered again if the minimum enrollment of 12 per class is attained.

The first semester sessions ended December 17 after setting a record with an enrollment of 163 pupils enrolled in 10 courses. Jack R. Corbin, director of the evening classes, said that 80 per cent of those enrolled completed their courses and were awarded certificates of achievement.

Between the hours of 7 and 8 p.m. next Monday and Thursday evenings, pupils for the adult evening courses, who have not previously registered by mail, may enroll in the office of the principal at the Senior High School building.

MAY ENROLL BY MAIL

Adult education brochures with application forms are available in local banks and business places and Corbin "strongly urged" interested persons to enroll by mail to help the program establish minimum enrollment figures as soon as possible. Application forms also will be published this week in The Gettysburg Times.

Corbin said that persons enrolling by mail need not register in person if their fees are forwarded with the applications. Checks or money orders are to be made payable to J. R. Corbin, director of adult education, and sent to Box 29 at Gettysburg. Pupils who have registered prior to their first class sessions should report to their designated room at the school.

The course in welding will continue only as a first semester course next fall but an applied metal working class will be offered in the second semester. It will help first semester welding pupils to advance to other related basic metal processes. Machine shop processes, dogs.

Johnson Asks For New Education Program, Cut In Excise Taxes, Increased Attacks On Poverty In Address To Congress Monday

By FRANK CORMIER
WASHINGTON (AP) — President Johnson has told Congress and the nation he wants a big new education program, a substantial cut in excise taxes, increased attacks on poverty and disease and another round of civil rights legislation.

But even as Johnson called Monday night in his State of the Union message for increased attention to problems at home, he opened the door to face-to-face talks with the new leaders of the Soviet Union by suggesting they visit the United States. He said he wants to make visits of his own this year to Europe and Latin America.

4,000 WORD MESSAGE

Johnson's 4,000-word message, read personally at an unusual evening session of Congress, was broadcast by radio and television networks.

In the crowded House chamber, at least, it was well received. The President was interrupted 57 times by applause, much of it from the Democratic side of the aisle. There was one burst of approving laughter and one shout of "Atta boy!"

Few problems, foreign or domestic, were omitted from the chief executive's 47-minute address, which prompted Senate Republican Leader Everett M. Dirksen to call it "a glowing blueprint for paradise."

Senate Democratic Leader Mike Mansfield termed Johnson's goals attainable. House Speaker John W. McCormack labeled it "truly a great message" and the new House Republican leader, Rep. Gerald R. Ford, said there could be

9 Tracts Of Land Sold For \$352,000

The South Hills Golf Course, Hanover, purchased nine tracts of land in Conewago Twp. and York County from the D. E. Winebrenner Co., Inc., for \$352,000, according to a deed filed in the register and recorder's office.

The transaction is a purchase within the Winebrenner family. Winebrenners own and operate the South Hills Golf Course. The D. E. Winebrenner Co., Inc., was recently purchased by the Pet Milk Co. The company sold the tract to the golf course operators.

NO ACTION ON MT. JOY TWP. SCHOOL MOVE

The Gettysburg Area School Board at its January meeting Monday evening failed to take any action on a petition from the Mt. Joy Twp. School District making the Gettysburg merged school district to accept Mt. Joy school district into the merger if the township voters approve at the May primaries.

After following an unusual order of business, the directors took no formal action on the petition but Robert W. Weaver said the matter is "under advisement" and a joint meeting will be arranged between Mt. Joy and the Gettysburg Area boards after certain matters are resolved.

The record of the meeting did not show what these matters are, but, when other townships, Freedom and Highland, merged with Gettysburg, tax matters including the per capita rate and the commissions paid tax collectors were items that had to be worked out.

HOLD "EXECUTIVE SESSION"

Monday's meeting was called for 8 p.m. but did not convene until 8:30 o'clock while directors "informally" discussed the Mt. Joy matter which they expected "might come up at the meeting."

When the meeting was called to order, routine reports and minor matters were handled and then Secretary Orville B. Orner read the Mt. Joy petition. The directors went into "executive session" for six minutes which closed the meeting to reporters. Three minutes after the directors returned to an open meeting, the session adjourned.

Mt. Joy Twp. School District, which came into its present form last year when it separated from Mt. Joy Independent District, made possible by that action a wider choice in the matter of school reorganization than pending in the county. Acceptance into the Gettysburg merger would bring financial benefits for Mt. Joy taxpayers because of increased state appropriations. If the merger move goes to a vote in the township in May and is approved, it would be effective

There were 84 auto accidents in the town in 1964.

GIVE ANNUAL REPORTS

Annual reports were presented to the council by Building Official Charles E. Kuhn, by Chief of Police Jack Bartlett, by Mayor William G. Weaver, by the fire department, and by the borough treasurer, whose December report contained a listing of the total expenditures for the year.

In his report as borough treasurer Charles E. Kuhn showed the town had expenditures of \$219,841.75 during 1964, but that figure includes such items as \$13,051.26 which was added to certificates of deposit—in order to earn interest, so while the amount is listed as an expenditure from the general fund, the town still has the money.

The report shows that the borough actually spent \$193,103.98 of its budgeted funds or \$10,195.53 less than the amount it had budgeted for the year. The \$219,841 total outlay listed in the report, included not only the \$13,051 that went into certificates of deposit, but also \$8,269.14 for the Fire Department Relief Fund and \$5,416.88 for the police pension fund provided by the state and not part of the local budget.

\$85,000 ON INTEREST

MORE CRASHES ON BYPASS AT EMMITSBURG

Two more accidents have been reported by Maryland state police at the intersection of Rt. 97 and the new Rt. 15 bypass south of Emmitsburg.

Several passengers in an automobile operated by Myrtle May Ford, Hagerstown, escaped injury Monday afternoon when Mrs. Ford failed to stop at the stop sign at the intersection and crashed into the right rear fender of a southbound auto operated by Charles R. Angell, Thurmont. Damage to the Ford car was \$500. Mrs. Ford told state police that she had driven to the crash scene out of curiosity "to see where the fatal accidents" had occurred.

The intersection was the scene of two fatal accidents in less than three weeks, latest of which resulted in the death Saturday of Mrs. Madeline Ruth Treible, 56, Takoma Park, Md. The first accident, in which Carl S. Eastbridge, Quarryville, Pa., was fatally injured, occurred Dec. 11, the day after the new bypass was opened to through traffic.

In a minor accident Sunday, Walter Seifried, Bethesda, Md., was attempting to pass another car, which suddenly made a left turn into Rt. 97 in front of the Seifried Volkswagen, causing \$250 damage to the front right fender and grill of the Volkswagen. The other car sustained only minor damage.

Blinker lights were scheduled to be installed at the intersection today in an effort to stop traffic approaching the new bypass from Rt. 97.

with those who needed such help and did not have their own attorneys.

MUST COMPLETE TERM

Judge Sheely noted that defendants who can afford it are, as in the past, requested to have their own attorneys to defend them. Those who wish the services of the public defender are required, under the new rules which went into effect with the beginning of this year, to fill out a form listing all their assets. Only after a study of the form will the court determine that the case is to be handled by the public defender, or direct that the person can afford his own attorney and should get one.

The \$1,800 a year salary for the public defender does not include service in case of murders—where statutory regulations set the pay for attorney and their method of appointment in the case of indigent defendants—nor does it cover appeals from cases in the lower court. The county, under the agreement, will pay any special expenses involved in the work of the public defender's office.

NO ACTION ON

(Continued From Page 1)

July 1. Gettysburg voters approved such a merger in 1960 but Mt. Joy turned down the merger plan then.

REORGANIZATION COMING

General school reorganization in the county will take place July 1, 1966, and most schoolmen expect that Gettysburg and Mt. Joy would then become members of the same school district whether the county is organized under a one-unit or a six-unit plan. Favorable action on the Mt. Joy proposal this spring would advance that phase of reorganization by one year.

Eight directors attended Monday's meeting at which a monthly report of the school district treasurer, the Gettysburg National Bank, showed a current balance of \$116,903 in the general fund after expenses in the last month of \$95,531 including \$50,125 in rental payments and \$40,000 paid to the joint school district. Income items included \$2,732 in federal aid, \$1,020 in real estate transfer taxes and these sums from school taxes: Gettysburg, \$11,175; Highland, \$3,463; and Freedom, \$1,401. The meeting adjourned at 9:07 p.m. The session was held in the office of Supt. H. Edgar Riegler.

REPORT THEFT

Louise Armstrong, a cook at the fraternity house at 227 Carlisle St., reported to borough police Monday that kitchen equipment valued at \$75 was stolen from the house kitchen during the Christmas vacation. The items included a meat slicer and a fire extinguisher.

Stover testified to driving 40 miles an hour in Abbottstown. The town has a 35-mile per hour speed limit.

ARRAIGNMENT COURT

At the arraignment which opened Monday's session, 53 cases were before the court in the first of the monthly arraignments scheduled for this year under the new rules. There were 24 pleas of guilty entered, 12 of them by one defendant, Ray Barrick. Three of the defendants were listed as fugitives and three cases were continued. Among defendants who entered pleas of guilty Monday in connection with the arraignment, and for whom no prior pleas had been listed, were Pedro Miranda, 215 W. High St., driving without a license; Lewis Metz, Orrtanna R. 1, driving during suspensions; John E. Kerrigan, E. Middle St., establishing a gambling place, and Donald Smith, Gettysburg R. 5, drag racing.

The court approved settlement for \$250 of the trespass action brought by Fred A. Miller, aged 12, and his parents, Francis L. and Rosalie C. Miller, Gettysburg R. 3, against Charles A. Martin, 19, Gettysburg R. 5. The accident occurred August 23, 1963. According to the complaint, the 12-year-old Miller youth was a passenger in the Martin car. The vehicle was proceeding on York St. from the Dairy Queen and the Miller child was holding two banana splits and an ice cream cone. The ice cream cone spilled onto Martin, who was driving, reached down to recover the lost ice cream, taking his eyes off the road. His car struck a parked vehicle and the Miller youth's head went through the windshield, lacerating his head and face. The compromise provides \$88.90 for doctor and hospital bills and \$161.10 for the youth himself.

Fourth, Final Session Of Ecumenical Council Will Open September 1

VATICAN CITY (AP) — The fourth and final session of the Vatican Ecumenical Council will start next Sept. 14, the Vatican press office announced today.

The date was set by Pope Paul VI. The council, first to be held by the Roman Catholic Church in 92 years, was convened by Pope John XXIII on Oct. 11, 1962. It has met annually each fall for two months since then.

BIG DECISION
The third session of the council, which was attended by more than 2,000 bishops and ended last Nov. 21, took the most momentous decisions. Progressive bishops were clearly in the majority, but the conservative faction fought determinedly throughout the session.

The session produced three decrees — on the Church, on unity and on the Catholic Oriental churches.

The most noteworthy, on the Church, established a concept of collegiality, by which the bishops share in the Pope's authority over the Church without, however, infringing on his supremacy.

RELIGIOUS LIBERTY
The council also approved the basic text of a draft declaration on non-Christian religions which says the Jewish people as a whole cannot be blamed for the crucifixion of Christ. This will come before the fourth session for final voting.

Also awaiting action at the final council session are a declaration on religious liberty and a council topic on the problems of the major modern world, including birth control and nuclear arms.

EIGHT NEW HOMES

Kuhn's report on building official showed 96 permits were issued by him during the year for \$776,978 worth of new construction, additions, alterations and signs. Among other things the town gained 11 new housekeeping units during the year as a result of the construction. There were eight new homes built during 1964. The other three "housekeeping units" came about as a result of alterations and demolition which resulted in a gain of 12 housekeeping units by construction, and removal of nine housekeeping units as a result of demolition. The nine demolition permits granted during the year provided for removal of 13 unsafe and hazardous buildings from the borough.

The two biggest construction projects during the year were the \$250,000 enlargement of the U.S. Post Office and the \$115,000 Gettysburg College athletic field. The fire report showed damage of less than \$2,000 in the borough from fire during the year. The firemen were called to 46 alarms in the borough, 48 outside the town. The report showed most of the in-town fires were in the southern half of the borough, 16 in the southwest quadrant, 14 in the southeast and eight each in the northeast and northwest quadrants.

"BEATNIKS"

I could never be a beatnik... yet in some ways I admire... their "way-out" non-conformity... of manner and attire... I will not attempt to judge them... for I am not qualified... for I am most contented with... the bus on which I ride... they believe in what they profess... and have nerve enough to try... things seemingly outlandish... that console and satisfy... sometimes I'm quite perturbed by... the odd-ball things they do... yet I must live and let live... and to myself be true... who can say except the Master... whether they are right or wrong... I've seldom seen a beatnik... minus laughter and a song.

2ND PRAYER SERVICE HELD

The First Baptist Church, S. Stratton St., was host to the second of the Universal Week of Prayer services Monday evening and its pastor, the Rev. William H. Marshall, gave the welcome, read the scripture and gave the opening prayer.

The Rev. Merlin Shull, pastor of the Church of the Brethren, spoke on the dedication of Solomon's temple.

"After Solomon spoke briefly he prayed, giving thanks for the delayed fulfillment of a promise made to David that a temple would be built," Rev. Shull said. "We have to wait for God's hour of opening. We act like children and want our prayers answered at once and when they are not we lower our sights and our goals."

"David's frustration in the matter of the temple provided Solomon's opportunities and our frustrations may be solved by the next generation." He said that Solomon prayed that God's promises to David might find fulfillment. "Houses of worship are needed because no matter how good and righteous individuals are, they need to come together with fellow seekers to revitalize their lives and this requires a special hallowed place and the support of old associations."

SERVICE TONIGHT

Mr. Mary Vannoy and Miss Brenda Vannoy sang Simeone's arrangement of "The Lord's Prayer," accompanied by Mrs. Marshall at the piano. Mrs. Vannoy sang "Tell Jesus." She also played for the singing of old hymns by the congregation.

Bidding prayers were directed by Rev. Marshall, with participation from the congregation, followed by a period of silent prayer. Approximately 60 persons attended.

The service this evening will be held in the Methodist Church, with the Rev. Dr. Paul E. Cooper, pastor of the Memorial EUB Church, preaching.

INSURANCE FOR AGED

—Medical insurance for the aged under Social Security and higher Social Security benefits. —Changes in the Taft-Hartley Labor Relations Act, which aides said would include a proposal to repeal the controversial section 14-B that authorizes states to enact laws barring compulsory unionism, so-called right to work laws.

—A change in congressional rules to permit speedy enactment of a temporary income tax cut to help fight any recession that might develop. But Johnson said he confidently predicted continued prosperity.

—Federal power to combat air and water pollution, new moves to beautify the countryside and the cities, expanded conservation measures, new moves to fight crime and foster culture.

CUT FARM AID

—A study of ways to cut the cost of farm aid programs and to "direct more of our effort to the small farmer who needs help most."

—An immigration law "based on the work a man can do and not where he was born or how he spells his name."

—A doubling this year of the \$784-million fund to finance anti-poverty programs and the start of "a massive attack on crippling and killing diseases."

Johnson even made what White House officials acknowledged was an indirect reference to birth control, saying he would "seek new ways to use our knowledge to help deal with the explosion in world population and the growing scarcity in world resources."

BIGGEST SURPRISE

But the biggest surprise doubtless was his suggestion that members of the new Soviet hierarchy visit the United States.

Declaring that Americans and Russians must "come to know each other better" if they are to live in peace, Johnson said: "I hope the new Soviet leaders can visit America so they can learn about this country at first hand."

To emphasize that this was no idle remark, administration sources quickly disclosed that, a few hours before Johnson spoke, the Soviet Embassy was approached informally on the idea. It was learned Johnson would be ready to give favorable consideration to an invitation to visit the Soviet Union.

FIFTY YEARS AGO

The likely curtailment in the force of the Gettysburg post office is foretold, it is believed, by two orders received by Postmaster Duncan from the department at Washington, which became effective after Jan. 1st. The first order calls for the closing of the money order and registered mail windows at seven o'clock in the evening, allowing the clerk who formerly attended to that work to devote his energies to other activities about the office after seven o'clock. The hours for these two departments will be from seven in the morning until seven in the evening, during which time it is thought all necessary business may be transacted. The second order provides for the discontinuance of the delivery of city carriers' mail at their window from six to seven o'clock in the evening. For some years this has been a feature of the service at the local office, accommodating many persons who did not wish to wait until the following morning for mail received on the evening train. General delivery mail will continue to be given out in the evening as in the past but city carriers' mail cannot be secured at the general delivery window or anywhere else for that matter.

Adams County teachers attending the State meeting in Harrisburg this week were keenly interested in the matter of pensions which came before the session. A plan for a teachers' retirement system in Pennsylvania with a bill to be presented to the legislature meeting next week to carry the proposed scheme into effect was made public Wednesday night by Prof. J. George Becht, president of the council of the state educational association and chairman of a committee to make a study of the subject. The proposed bill establishes teachers' retirement under state control. The fund is to be provided by contributions from the teachers according to a scale which is outlined in the bill and by state appropriation. The maximum pension that can be paid is \$800 a year, the minimum 80 per cent of the minimum salary of the grade of the teacher.

Miss Zita Ramer has gone to Harrisburg where she will be a guest at the dance of the Triangle Club.

Fairfield held its annual mums' parade on Friday and many original ideas were shown in the floats, a country dance and an organ grinder with a monkey being among the most original. The individual costumes were also better than usual.

Mrs. Frank Mitten and family presented to the Methodist Church at the regular preaching service Sunday evening a handsome pulpit Bible in memory of her husband, who for a long period was a faithful member of that church and for many years acted as choir leader and also taught in the Sunday School.

J. H. Kadel has sold his candy kitchen on Chambersburg street to the former proprietor, Gust Varelus. Mr. Varelus will also continue his restaurant on Center Square, while Mr. Kadel will remain proprietor of the candy store on Baltimore street.

A horse attached to one of the delivery wagons of the Gettysburg Department Store caused plenty of excitement but no damage on the streets of town

Today's Talk

ALONE

We formulate our life philosophy mostly alone, for we are mostly concerned with it. It is expressive of us and colors all our decisions. It is entirely personal. Our friendships, our attitudes, our very success are affected by it.

We are dependent upon this personal philosophy of ours so that all through life we are quite lonely creatures. We are misjudged, misunderstood, and problemized. We are often neglected because we refuse to float down some popular stream, the destiny of which no one can predict.

There are times in life when spiritual hunger is far more tragic than physical hunger. Satisfy the former and the latter will take care of itself. Marvin Lowenthal, in commenting upon Montaigne, said this: "The essential of life is not what we believe about it, but how we live it. And the way to live it is upon its own terms."

If we get too busy with material things we begin to lose much of the preciousness of life. We forget about that daily analysis of self which is so important to a triumphant life. In the midst of too much noise and confusion our senses become dulled. Only in solitude is prayer effective, and a just appraisal of our faculties gained. We ought to interview ourselves more.

Had there been no jails we might never have a "Don Quixote" or a "Pilgrim's Progress." But even at so great a loss I would not want to invent a single jail more! Alone, however, many of the master thoughts of this world have been conceived. Thoreau had his Walden Pond, John Muir his mountains of California, and W. H. Hudson had his vast Argentine pampas.

Who can but glory in the arms of Nature — alone? There are all the forces of life that are genuine and inspiring. There is the greatest of all universities where the most unlearned may become intelligent and apply his learning in every walk of life. There you will find more instructors than in any institution of learning in all the world!

We are never totally alone when in the midst of objects, thought and give personal pleasure.

Just Folks

WHAT GRANDCHILDREN DO:
This is what a grandchild does:
brushes off the years;
Polishes a grandpa's smiles;
banishes his fears;
Lightens up his step a bit; brings him tasks to do;
Teaches him to play once more games which once he knew;
Leads him to the candy shops; in his world of men,
Sends him on his daily round young at heart again.

Grandfolks have no time to think they are getting old,
They must learn anew the rhymes and the tales they told;
They must plan for circus time; wander 'round the zoo,
Call the animals by name, as they used to do.
They've no voice for aches and pains. Young at heart are they.
Easter is theirs once more, and the Christmas Day.

This is what a grandchild does:
long lost joys restores;
Gives age back the birds and flowers and the out-of-doors;
Pleasures lost and long forgot; songs it used to sing;
Princes in the golden towers; butterflies a-wing;
Every charm that childhood bears in its joyous train,
For a third time down the years — all is ours again!

Proposed Red Meet Dismissed by U. S.

WASHINGTON (AP) — The Soviet Union's proposal that a 14-nation conference be held on Laos was dismissed Monday by State Department press officer Robert J. McCloskey as not likely to contribute to peace or security.

Besides, McCloskey said, the United States does not believe the conference would halt what he called North Viet Nam's interference in Laos.

Soviet Foreign Minister Andrei A. Gromyko suggested the conference in a letter to the North Viet Nam government Dec. 30 and made public Monday by Tass, the Soviet news agency.

Bullets Face Tough Task In Stopping Undeclared Dickinson Here Wednesday

When the Dickinson College basketball team invades Gettysburg Wednesday evening, it will be a far tougher Red Devil squad than any the Bullets have faced in several years. A big crowd is expected to watch the old rivals tangle. The frosh teams meet at 6:45.

Dickinson, under new head coach Ed Ashnault, will blaze into town with a stunning 7-0 record. The Red Devils are loaded with talent which includes the entire starting lineup from last season plus the sixth, seventh and eighth men from a year ago. Tony Hermann, a 5'10" senior, and Jon Zimmerman, a 6'2" sophomore, will handle the backcourt. Both men are exceptional playmakers. In the front court, Ashnault will count on high-scoring senior Dave Thomas, 6'3", leading rebounder Richie Shapiro, 6'4", and versatile junior Don Smith, 6'2".

Herman, Smith, Shapiro and Thomas all averaged well over 13 points a game last season and all have gotten off to another fine start this year.

G-BURG IS 3-3

Gettysburg, under veteran tutor Bob Hulton, will enter the contest with a 3-3 record and a good rest following the Christmas vacation. The Bullets lost to Temple, Muhlenberg and Penn State and have defeated Albright, Bucknell and Johns Hopkins.

The Bullets are paced by senior sharpshooter George Strouse who is currently averaging 14.8 points a game. He and 6' Dave Yates work in the backcourt. Chris Sirmis, a 6'4" junior, is the team's second leading scorer and is also among the squad's top rebounders. The remainder of the front court includes Chuck Richardson, 6'3", and Jim Ruck, 6'5". Both are strong on the boards.

Hulton has been getting a lot of service out of junior shooting ace Bob Morris, 5'11", Anville, and Ray Faczan, a 6'3" sophomore from Johnstown. Both give a balanced performance and are among the team's scoring and rebound leaders.

Gettysburg finished the 1963-64 campaign as the nation's third best major college defensive team. The Bullets are currently the nation's sixth best team, having allowed an even 57 points per game.

Following Wednesday evening's clash with Dickinson Gettysburg will encounter another tough opponent in Lehigh on the Engineers' court Saturday evening.

ILLINI TAKE COMMAND IN BIG 10 RACE

By DICK COUCH
Associated Press Sports Writer

The Hoosiers took a trip ... and then there was one.

Illinois, near invincible on its home floor, whipped next-door neighbor Indiana 85-81 Monday night, taking command in the Big Ten Conference race, ending the Hoosiers' nine-game winning streak and leaving Providence with the lone perfect record among major college basketball teams.

Providence ran its string to 9-0 with a 72-65 decision over little Fairfield, Conn., in a game that wasn't decided until the final minutes.

TO MEET MICHIGAN

Wichita, Davidson and St. Louis were among the other nationally prominent winners on a night dominated by conference action.

The Illini, who lost their spot in The Associated Press top ten this week, made the No. 2-ranked Hoosiers their second straight Big Ten victim before a home crowd of 16,128.

Illinois, which faces a road showdown at Michigan Saturday, squandered a 10-point halftime lead before pulling away. Skip Thoren broke a 73-73 tie in the closing minutes, triggering an eight-point run that wrapped up the victory.

WISCONSIN LOSES

Tal Brody led the winners with 23 points; Thoren scored 21 and Bogie Redmon, 20. Ron Peyser and Jon McGlocklin split 33 points for Indiana.

Iowa drubbed Wisconsin 92-62 in another Big Ten contest. It was the second league loss for the Badgers beaten by Illinois in the only previous conference action.

Providence sophomore Jim Walker, who netted 30 points, teamed with Bill Blair for nine straight points at Fairfield after the Stags had tied the score at 61-61 with 4:42 to play. Fairfield rallied from a 10-point halftime deficit behind the scoring of Jimmy Brown and Mike Branch's rebounding.

ANOTHER DAVIDSON WIN

Fred Hetzel's 37 points led 10th-ranked Davidson to its fourth straight Southern Conference success, a 97-67 rout of Richmond. Charlie Schmaus' free throw after the final buzzer gave VMI a 71-70 nod over the Citadel, now 4-1 in league play.

Wichita, which fell from second to fifth in The AP ratings, topped Bradley 85-79 at Peoria, Ill., for a 3-0 Missouri Valley Conference mark. Kelly Pete's 22 points led five Wheatshockers in double figures.

St. Louis also won its third straight in the MVC, holding off a closing rush by visiting Tulsa for a 54-53 decision. The Billikens, who dropped from the top ten, along with Illinois and Minnesota, had a 16-point lead before the Hurricanes, headed by Rick Park, began to close the gap.

NEBRASKA LOSES

Louisville improved its Missouri Valley mark to 2-1 by beating Drake 74-64 while Kansas, Kansas State, Oklahoma State and Missouri broke on top in the Big Eight Conference.

The Jayhawks handed Nebraska its first home-court defeat 66-56 behind Al Lopez' 18 points. Lopez held the Cornhuskers' Ray Hare, who had scored 17 points in the first half, to one on the last 20 minutes.

Roy Smith, K-State's 6-foot-10 center, tipped in a missed shot with one second left, giving the Wildcats a 71-69 victory over Oklahoma. Oklahoma State erased an eight-point deficit in regulation time, then edged Iowa State 54-52 in overtime. Missouri came from 12 points down and overtook Colorado 63-58.

MICHIGAN IS DISPLACED BY UCLA BRUINS

By JOE REICHLER
UCLA's red-hot Bruins, the 1964 NCAA champions, have replaced Michigan as the nation's No. 1 college basketball team and figure to enjoy their status a bit longer than Indiana did.

The Hoosiers, who surged into second place on the poll, suffered their first setback of the season Monday night, losing their Big Ten opener to Illinois 56-81. UCLA doesn't play until Friday so the Bruins are safe until then.

The defending champions, upset in their season opener by the same Illinois which scalped Indiana, knocked off Arizona, Minnesota and Utah last week to extend their winning streak to nine straight.

The Wolverines, upset by St. John's of New York in the finals of the Holiday Festival at Madison Square Garden, dropped to third and did not receive a single first-place vote.

Three teams — Minnesota, Illinois and St. Louis — were ousted from the top ten. The Gophers, who began the week in third place with a 6-0 record, split four games during the week, losing to UCLA and Iowa, Illinois lost to St. Joseph's and St. Louis was beaten by Indiana and Southern Methodist.

The top ten, with first-place votes in parentheses, and points:

1. UCLA (26) 379
2. Indiana (12) 315
3. Michigan 229
4. St. Joseph's (1) 177
5. Wichita 162
6. Duke 148
7. St. John's 140
8. San Francisco 120
9. Providence (2) 111
10. Davidson 102

NEW YORK (AP) — East Coach Red Auerbach of Boston and West Coach Alex Hannum of San Francisco have named Willis Reed, Larry Costello, Nate Thurmond and Don Ohl to round out the squads for the National Basketball Association All-Star game in St. Louis Jan. 15.

Auerbach picked Reed of the New York Knicks and Costello of Philadelphia for the East team Monday. Hannum selected Thurmond of San Francisco and Ohl of Baltimore to supplement the eight-man squads previously selected by NBA writers and sportscasters.

Previously named to the East team were Bill Russell, Sam Jones and Tom Heinsohn of Boston, Oscar Robertson, Wayne Embury and Jerry Lucas of Cincinnati, and Luscious Jackson and Hal Greer of Philadelphia.

Named to the West team earlier were Bob Pettit and Len Wilkens of St. Louis, Jerry West and Elgin Baylor of Los Angeles, Terry Dischinger of Detroit, Walt Bellamy and Gus Johnson of Baltimore and Wilt Chamberlain of San Francisco.

PICK ALL-STAR SQUADS IN NBA

NEW YORK (AP) — Two players each from the Detroit Red Wings and Montreal Canadiens top The Associated Press National Hockey League All-Star team for the first half of the season.

Center Norm Ullman and rookie goaltender Roger Crozier were selected from Detroit. Montreal's representatives were defenseman Jacques Lapierre and right-winger Claude Provost. The other two berths went to New York Ranger defenseman Harry Howell and the Chicago Black Hawks' high-scoring left wing, Bobby Hull.

Crozier, the only first-year man to make the starting team, leads NHL goalies with three shutouts. Ullman, who scored 20th career goal earlier this season, has been the Red Wings' clutch man this season and is third in the scoring race with 18 goals and 17 assists.

Hull, with 32 goals at midyear, seems a cinch to break the one-season goal-scoring record of 50 that he shares with Bernie Geoffrion and Maurice Richard. His All-Star wingmate, Provost, is one of the league's top defensive forwards and has 12 goals and 21 assists for Montreal this season.

PARENTS UNITE 15 CHILDREN IN ONE FAMILY

MARSHALL, Tex. (AP) — In the eyes of the law, the 15 children of Mr. and Mrs. W.S. Riley all belong to the same family now.

It took a king-sized adoption ceremony because nine of the children are the mother's by a previous marriage and six were born to Riley's first wife.

Except for the legal proceedings, the two families merged Oct. 3 when Riley, 43, and the former Jane Morris, 38, were married. Riley's first wife died last year. Mrs. Morris became a widow several years ago.

During a festive holiday period, each adopted the other's children Dec. 23 at a court session conducted by Dist. Judge Sam B. Hall Sr.

"Actually there were many reasons for adoption of each other's children," said Mrs. Riley. "We all felt this would be the best way to form a close family tie."

Riley is operations manager for the Thiokol Chemical Corp. near this East Texas city.

His and Mrs. Riley's children are William Jr., 20; Lyn and Lea, 19; Nancy, 17; Betty, 15; Mark, 14; Laura, 13; Mary, 12; Bill, 11; Carol, 9; Cathy and Anna, 8; Jimmy, 7; Tommy, 3, and Jeannie, 10 months.

Four bedrooms in the original Riley home weren't enough, so he built an annex for the older children, linked to the main house by a breezeway and carport. It contains three bedrooms, a bath, kitchen and sitting room.

There are two washing machines and two dryers in the laundry room. A bigger problem than getting their garments clean is that of returning each to the proper owner.

To eliminate some of the confusion over three "Bills" in the family, they're tabbed Big Bill, Billy and Little Billy.

The Rileys eat their meals in shifts. The younger children dine first.

For Christmas dinner there were 25 to clean up on two turkeys. They served it at the Knights of Columbus hall because that was "the only place we could all sit down at one time."

Among the guests were two fellow students brought home from the Air Force Academy by William Jr.

A Lovelier You

By MARY SUE MILLER

Enchanting eyes have become a symbol of modern loveliness. The look is soft and wide, with

more than a hint of feminine mystique. Just picture the eyes of "Fair Lady" Hepburn and you've got it, you've really got it!

How do you make it your own? The technique involves gauzy, pale shadows and a subtle hand. There can be no streaking or smearing, no blatant effects. The finish must appear nature's best effort.

And here's where new cake shadows and liners could come to your aid, particularly if eye-makeup is a trial to you. Both the shadows and liners are based on the same principle as water colors, applications being made with a dampened sponge or brush. The method insures a precise, smooth and lasting result.

To apply the shadow, you simply rub the damp sponge over the cake and blend the color onto the lids. The liner is similarly applied with a damp brush. A few professional eye-deas, adaptable to your own make-up repertoire, follow:

1. After shadowing lids with color, outline outer corners with white cake shadow. Will make eyes seem enormous! 2. To accent lashes, start liner at inner corner of eye; make line a mere thread, build to greater thickness beyond center and then taper slightly at outer corner.

THE EYES OF YOUTH

You are not lost to youthful beauty because of dark circles, puffiness, or wrinkles around the eyes. These problems can be brought under control by proper skin care, cosmetic applications, health habits and facial expressions. Methods are detailed in

APPALACHIA AID BILL IN

WASHINGTON (AP)—Aid-to-Appalachia legislation was introduced in the House of Representatives Monday by Rep. George H. Fallon, D-Md.

Fallon said the new bill is similar to a measure which was passed by the Senate last year but failed to receive action in the House. The bill would authorize aid along the lines proposed by President Johnson.

Such legislation is expected to be high on the agenda of the new Congress, and Fallon predicted its early passage.

He said it would authorize more than \$1 billion for economic aid to the states through which the so-called "Appalachia" belt runs: West Virginia, North Carolina, South Carolina, Maryland, Virginia, Tennessee, Pennsylvania, Georgia, Alabama, and Kentucky.

Terry's Secret, a Terrang colt, won three straight California stakes but ran sixth in the Garden State. It was his first race over the New Jersey track. He missed the Trial due to a fever.

Illinois fullback Jim Grabowski led the Big Ten in rushing last season with 723 yards on 139 carries.

State Moves To Recover Expense Money Paid To Cozens Fired With Pitzer

HARRISBURG (AP) — The state is out to recover over \$1,400 in expenses paid out to a former official in the State Traffic Safety Bureau who was forced to resign under fire last month.

The incident came to light with a report Sunday that James S. Cozens, former assistant enforcement director in the bureau, had been collecting living expenses in Harrisburg in addition to his regular state salary.

Cozens was forced to resign, along with his immediate superior, former Enforcement Director H. Earl Pitzer, when it was reported that 39 traffic conviction reports were missing from bureau files.

RESIGNATIONS DEMANDED

Their resignations were demanded by Traffic Safety Commissioner Harry H. Brainerd and Revenue Secretary Theodore B. Smith.

The Harrisburg Sunday Patriot-News reported that Cozens had collected \$4,374.35 in hotel and food expenses since he came to Harrisburg in January, 1963.

Smith and Brainerd told the newspaper that Cozens was legally entitled to this since his official headquarters was listed on state records as Philadelphia rather than Harrisburg.

TO MAKE CHECKUP

John W. Ingram, secretary of administration, however, said that Cozens was not entitled to \$1,418.25 he collected after he formally was promoted to assistant enforcement director in

May, 1964. "His headquarters had been changed on the records when he was promoted..." Ingram said.

Ingram said that \$14.10 of the expenses paid out since last May was due Cozens for legitimate travel he had logged during the period.

A check will be made to see what else was legitimately entitled to him, Ingram added.

TO JUSTICE DEPT.

He said the matter would be turned over to the Justice Department to collect "in any way the law allows" any difference in the amount paid out and the amount held back in accumulated leave, retirement, etc.

Wayne W. Tobias, director of the Bureau of Disbursements in the auditor general's department, told the newspaper that his bureau was never notified of any changes in Cozens's official base of operations.

Cozens first joined the state in 1950 as a senior hearing inspector in the bureau's Philadelphia office at a salary of \$2,820.

SAY HE WAS NEEDED

He was listed as a \$5,785 driver safety examiner in that same office when he was called to Harrisburg and began receiving living expenses for the time he spent there.

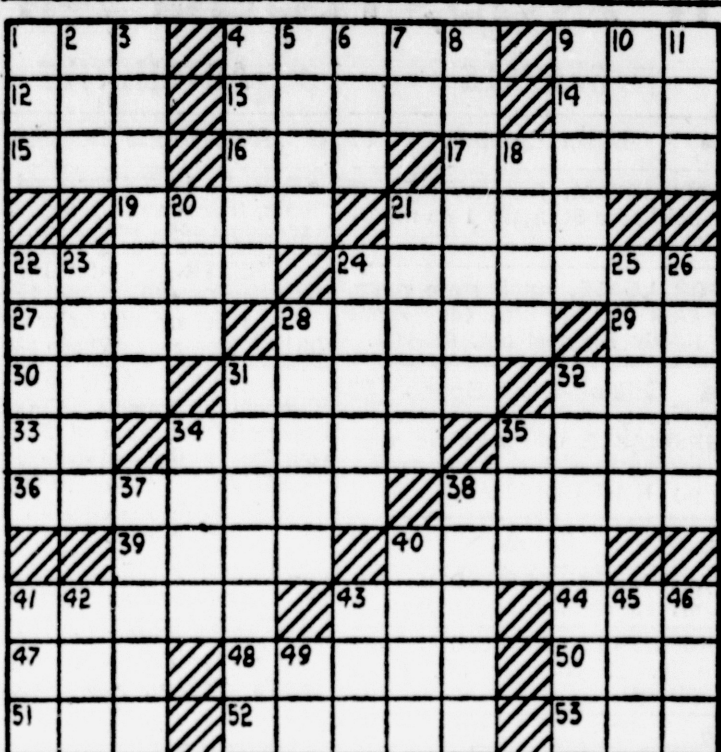

Smith and Brainerd told the newspaper that Cozens was needed in the central office to assist in running the bureau while a successor was being chosen to Brainerd's predecessor, O. D. Shipley, who resigned shortly after the Scranton administration took office.

"He was the only experienced man I could get at that time," Smith said. "We needed his special talents, but he wouldn't move to Harrisburg at his salary. This was the only way I could bring him here."

"The worst that can be said about this is poor judgment, if you think so. I don't think so. It was for the good of the state."

After winning his first five races, Hempen ran 10th and last in the Garden State.

BURCH WARNS AGAINST SPLIT IN GOP PARTY

WASHINGTON (AP) — Dean Burch, the embattled chairman of the Republican National Committee, said Monday the new year should be one of GOP unity and responsible opposition — and not "the year of the scapegoat."

"If 1965 becomes a year spent in division and recrimination," Burch told a Republican women's group, "then we will also fail our larger duty to the nation as the party of responsible opposition."

The theme of the young chairman's prepared address to the District of Columbia League of Republican Women was that Republicans must put aside their differences, re-examine the principles they hold in common and present a united challenge to the Johnson administration where its programs run counter to GOP philosophy.

Burch, a political ally of Barry Goldwater before the Arizona senator selected him to head the National Committee, is the target of some Republicans who want to put the party machinery in less conservative hands.

Referring to his fight to hold on to his job, Burch commented, "perhaps the search for scapegoats is an inevitable consequence of defeat."

"But," he continued, "as I have said many times in recent weeks the real challenge for Republicans in 1965 is not what to do about Dean Burch. It is what to do in order to strengthen our party's role as the historic spokesman for responsible government and those principles which have made our country great."

"The question we should be asking if our party is to achieve unity is not: Who lost the election? It is: Why are we Republicans?"

As he examined these reasons, Burch found grounds for attacking the Johnson administration.

"We are Republicans," said Burch, "because we know that before the great society came the free society. And because we understand that what the Democrats really aim for is not a great society at all — merely greater government control over all segments of American society."

Doctors Say Hormones Make Skin Look Younger Safely

NEW YORK (Special) — A leading dermatologist and his assistants have conducted a "half-woman" test that proves conclusively estrogenic hormones make skin look younger, smooth dry-skin wrinkles, often fade "old-age" skin discolorations.

A preparation containing female hormones was applied to one side of the face and neck and to one hand of 50 middle-aged women. A similar formula containing no hormones was used on the other side. It was quickly apparent that the side treated with hormones looked better. At the end of the test in all but two cases, skin lines were definitely less noticeable, complexion was softer, smoother, fresher. There was no local irritation in any case; examination revealed absolutely no systemic effects. The hormones had beautified effectively and safely.

In an effort to speed up hormones' beautifying action, a trustworthy 50-year-old laboratory developed a fluid formula called HORMONEX Beauty Serum. This laboratory conducted a test on 15,000 women

volunteers who were asked to use the formula for just twelve days on one side of the face and neck. An impressive percentage signified that good results were attained even in this short period.

HORMONEX Beauty Serum acts so rapidly because pure female hormones are dissolved in a combination of penetrating Sesame Oil and a patented, liquid Lanolin. Only 7 drops a day are required to treat face and neck.

If you would like to test HORMONEX Beauty Serum without risk, get a bottle at your favorite toiletry counter today, use it just twelve days. If the change is not astounding — if you are not completely satisfied, your dealer is authorized to refund purchase price without question. HORMONEX Beauty Serum is inexpensive to use. A 100-day supply costs only \$3.50. Look younger quickly. See these dry-skin wrinkles smooth out, starting today! You may obtain HORMONEX Beauty Serum at:

DEMOCRATS TO TAKE OVER PA. DELEGATION

WASHINGTON (AP) — The Democrats took control of the Pennsylvania congressional delegation Monday with the opening of the 89th Congress.

Sen. Hugh Scott, R-Pa., and all 27 of the state's House members take the oath of office at separate ceremonies in the House and Senate.

Scott won re-election Nov. 3, defeating Miss Genevieve Blatt, state secretary of internal affairs, in a close race. The defeat of two Republican House members, however, shifted the balance of power among Pennsylvania members of Congress for the 89th Congress.

CRALEY TAKES OATH

The new lineup is 16 Democrats, including Sen. Joseph S. Clark, and 13 Republicans, including Scott. Last year's lineup was 15 Republicans and 14 Democrats.

The two new Democrats are N. Neiman Craley Jr., of York, who defeated Republican incumbent George A. Goodling of Loganville, and Joseph P. Vigorito of Erie who defeated Republican James D. Weaver of Erie.

The only other newcomer is Rep. G. Robert Watkins, West Chester Republican, who succeeded former Rep. William H. Milliken Jr., Sharon Hill Republican, who retired.

The other 24 Pennsylvania House members won reelection. Meanwhile, the 12-member Pennsylvania House delegation decided to permit each member of the state delegation to vote his own conscience Monday in the selection of a Republican floor leader for the 89th Congress.

Rep. Gerald Ford of Michigan unseated Rep. Charles Halleck of Indiana as the GOP floor leader.
